### Description:

The Ohio Department of Health (ODH) administers the Ohio HIV Drug Assistance Program (OHDAP), providing medications to fight HIV and to treat HIV-related conditions. This program must be the payer of last resort. For eligible participants, HIV-related medications are provided free of charge. The medications are obtained through a specialty mail-order pharmacy to ensure confidentiality and to ensure all geographic areas of Ohio have equal access to this service. Verification of monthly income, updated enrollment applications and a physicians report are required at the beginning of each enrollment period.
