Description:

RHC offers a wide variety of programs to give those with developmental disabilities the resources and skills to [Live in the Community](#), as well as a wide variety of programs that [Support Your Family](#). RHC has a long history of Advocating to advance the needs of individuals in order for them to pursue a life as active members of their community.

RHC challenges those communities to be more inclusive and to see the strength that individuals with disabilities have that add value and meaning to our society. We do this through our progressive programming that uses evidenced based practices; strength based planning, support of individual rights and freedoms, and a belief in the principles of self determination.
