Description:

NeedyMeds is a 501(c)(3) non-profit information resource devoted to helping people in need find assistance programs to help them afford their medications and costs related to health care.

The mission of NeedyMeds is to make information about assistance programs available to low-income patients and their advocates at no cost. The NeedyMeds website is the face of the organization. Databases such as Patient Assistance Programs, Disease-Based Assistance, Free and Low- Clinics, government programs and other types of assistance programs are the crux of the free information offered online.

NeedyMeds is funded by small grants, donations, sponsorships, subscriptions to PAPTracker, and syndication of various database information. NeedyMeds also works with the patient assistance programs of several pharmaceutical distributors.

A free prescription discount card that anyone can use; accepted in over 52,000 pharmacies. The discount varies and ranges up to 80 percent. Each time the card is used to fill a prescription a small donation is made to NeedyMeds. You can also use this Web site to find Patient Assistance Programs and other discounts that help with the cost of medications for those who have no prescription drug coverage.
