Description:

Health Care Services where and when you need it...

As a team, we shall work together and combine our expertise in achieving the best possible health of each client. We are determined to give our clients more control over the health care they receive. Consequently, we also want to reduce the costs of health care by providing more flexible schedules of care that are more convenient for the patient and their primary care provider. If a patient wishes to receive care at home rather than a nursing facility or if your loved one chooses to continue recovery at home rather than prolong hospitalization, we can make it happen.

We offer our services to all without any form of discrimination:

AMADYSS Healthcare and Training Services shall promote equality in employment practices and service provision. In practice of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, the company ensures that all eligible clients shall receive services due without unlawful discrimination against race, color, sexual orientation, age, disability, gender, religion, national origin, source of funds or veteran status.

AMADYSS Healthcare and Training Services combines technology, people and personalized care plans to give your family the kind of care that meets and exceeds your quality expectations.
