**Description:**

Bethesda Butler Hospital's full range of high quality services recently was enhanced with a new, two-story inpatient building. The expansion includes all new, private medical/surgical beds and a new ICU unit so that area residents have greater access to high-quality care, with more services and amenities close to home.

In addition to inpatient care, Bethesda Butler Hospital provides everything from surgery, cardiology and imaging to physical therapy and sleep studies. With operating rooms, endoscopy suites, procedure rooms and a full-service emergency department, the hospital is complemented by additional services and physician offices for primary care, pediatrics and specialty care on campus.
