Description:

In addition to developmental disabilities services, Safe Haven Agency has also expanded into the home healthcare sector with skilled nurses on staff. They provide services through supported living waivers, individual options waivers, and the level one waivers.

Safe Haven Agency assures families that their loved ones are well cared for and continue to live healthy and happy lives. They monitor their caregivers through one-on-one contact with their clients, telephone check-in, and home visits. They acknowledge the fact that each client is different, and they cater specifically to the diverse needs of every client. One of Safe Haven Agency's goals is to make sure their clients feel comfortable and happy so they can live longer in the comfort of their own homes while still enjoying the services they provide. For more information about their services visit their [website here](#).
