The Interactive Caregiving Approach

At Comfort Keepers's home care in Cincinnati, OH, we take pride in the Interactive Caregiving™ approach. This method is based on primary pillars:

The Interactive Caregiving Approach promotes a healthy senior mental state. This approach includes independence, better mental and physical health, happiness, and prolonged life:

1. Being a physically active senior means strength and independence, diminishing or delaying the effects of aging.
2. Well-nourished seniors have improved performance, both physically and mentally.
3. A safe senior is present in environments that reduce the likelihood of accidents and promotes appropriate responses when disasters arise.

Our goal is to improve the quality of life to foster a longer and happier life. Here at Comfort Keepers Home Care Agency in Cincinnati, OH, we believe that The Interactive Caregiving Approach is the best tactic in perpetuating a healthy life. Contact us today at (513) 318-
