

Body Donation Program: UC

231 Albert Sabin Way
Cincinnati OH 45267

Area(s) Served:

Butler County,
Clermont County,
Clinton County,
Hamilton County

Description:

Body donation allows medical students to closely examine, evaluate and understand the detailed structure of the human body. It also provides physicians and research scientists with the opportunity to gain knowledge which may prolong or improve someones life and impact the future of medicine.

Without this program, medical science and the health care field would suffer a devastating setback. However, the kind and thoughtful act of body donation can prevent that.
